Mr Gopalaswami may be given the
promotion from the same date as Mr Srikantiah
this will remove the difficulty -

The posts of the Registrar and the Professor of
Chemistry in the Medical College are, I believe, not
included in a combined list and the question of seniority
between them does not seem to arise. The promotions
in respect of Messrs Gopalaswami Iyengar and Srikantiah
were considered by Government and sanctioned separately
on the merits of each case and were not dealt with to-
gether. They need not be put together now and made the
basis for a ~~discrepancy~~ ^{Grievance}. The University has not suggested
any specific remedy in this case. The very short inter-
val between the dates of promotion in these two cases has
made the General Secretary suggest that Mr. Gopalaswami
Iyengar's promotion should also be antedated and made to
^{take} effect from 1-5-1936. The shortness of the interval
is only an accident and if the interval was long, say,
1 or 2 years, it is very doubtful whether this remedy
would have been suggested. A remedy based on this
accidental circumstance cannot be regarded as valid.

For the above reasons I think that there is no

real grievance in this case; and no remedy -- as suggested
by the General Secretary or otherwise -- is necessary.
To anticipate a promotion on such a ground is not financially
acceptable.

The amount involved being so small there
could be no harm in giving the promotion from
1.5.36. It is unnecessary to refuse it on
general grounds. If this is however considered
unnecessary the University may be merely
informed that the relative positions of the two
Officers will not be affected by the dates ^{from} which
the promotions were given.
